

Scuffaway – Terms & Conditions

Due to cancellations and no shows we need to try and put something in place to prevent us having to take deposits when booking so..

We are a mobile service so work around you. If you need to cancel then please do so at least 24hrs before we are due to come to you

If you get to the point of giving us your address then this is a booking in the diary so please ensure you are sure before you give your address

We will need space to park next to the vehicle being repaired (a transit size van) and access to a power point (50m power lead on board)

We are not able to park on parking restrictions (red routes, yellow lines etc) so please ensure that we can park away from these areas

Payment is to be made immediately on completion of the job (sorry too many people take weeks to pay!)

If any of these conditions are not met then we reserve the right to charge a fee

Thanks everyone. Please help us to make this small business grow
